

Instructions: Daisy Pendant Lamp

Gather all components:

1. **(16 x Daisy Pieces , 1 x Transparent Tube, 2 x attachment rings, Bag of Plastic Pins x Suspension Set & 1 x holding piece).**
2. **Form cylinder by inserting plastic pins provided. Ensure pins are pushed through both layers until a distinct click is felt.**
3. **Select ring. Position around outside of one end of cylinder and slot into place. Repeat this with the other ring at the other end of the cylinder.**
4. **Select triangular piece and position inside cylinder. Slot into place. The end closest to the triangular piece becomes the top of the lamp.**

Instructions: Daisy Pendant Lamp

5. **Select a floral panel. Bend leaves out to increase effect, repeating with all panels. The raised side becomes the outside.**

6. **Select 2 panels and place side by side. Use pins to join both pieces.**

7. **Connect the panels to the top and the bottom of the cylinder.**

8. **Repeat this process for all panels, joining all pieces together to form the final ball shape.**

Instructions: Daisy Pendant Lamp

9. **Select suspension set. Insert into the hole in the triangular piece inside the cylinder. Screw in lamp holder and insert globe.**

10. **Make a girls day and install it in her room.**
