

Instructions: Hanging Flower Pendant Lamp

1. Gather all components:

(14 x Short Floral Pieces, 11 x Medium Floral Pieces, 7 x Long Floral Pieces, 1 x Tiered Support Frame attached to Suspension Set, 1 x Transparent Cylinder, Plastic Pins)

- ## 2. Select transparent cylinder and roll into shape as shown. Align holes on sides overlapped and pin together using pins provided. NB. Ensure pins are inserted firmly until distinct click is felt.

- ## 3. Insert and attach internally assembled transparent cone onto horizontal beams on top layer of tiered support Frame.

- ## 4. Select 1 x Long Floral piece. Using safety pin or similar perforate hole in top portion of floral piece. Hole should be made in centre of a noticeable circular element of floral piece.

Instructions: Hanging Flower Pendant Lamp

5. Thread pierced floral piece onto key chain loop in-situ on top layer of tiered support frame. NB. Ensure floral piece hangs down on inside of support frame.

6. Repeat Steps 4 – 5 six more times till all key chain loops on top layer of tiered support frame have a floral piece threaded on.

7. Repeat Steps 4 – 5 for medium floral pieces this time threading onto key chain loops on middle layer of tiered support frame.

8. NB. Ensure all floral piece hang down on inside of support frame.

Instructions: Hanging Flower Pendant Lamp

9. **Repeat Steps 4 – 5 for short floral pieces this time threading onto key chain loops on lowest layer of tiered support frame. All key chain loops should now have a floral piece installed.**

10. **Have electrician install and enjoy Hanging Flower Pendant on its own or hung in line of three.**
