

# Instructions: Petunia Pendant Lamp

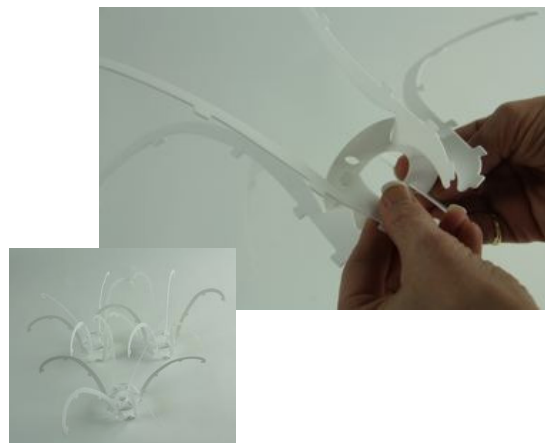

## 1. Gather all components:

(18 x Floral Petals, 18 x Petal Spines, 3 x Holding Rings, 1 x Pendant Base, Pins.)

- ## 2. Select 1 x Holding Ring. Click 1 x Petal Spines into each hole on Holding Ring as shown ensuring spines arch outwards. Repeat for each ring. Set aside.

- ## 3. Select 2 x Floral Petals. Align holes on side of petal and join using pins provided. Repeat process till 6 x petals are joined as per a fan of cards. NB: Ensure pins are inserted till click is felt and pin heads all sit on one side of assembly.

- ## 4. Select an assembled ring (with spines). With narrow end of petals closest to Holding Ring lay joined fan of petals over underside of spines aligning petal (central) holes with spine notches, click into place. Repeat for all 6 petals and spines, ensuring pins heads are on outside of flower.
